About Me

Kendall Starcevich – Data Analyst Intern on the GSO CODEX team

- Senior at Drake University, majoring in Computer Science, Data Analytics, and Artificial Intelligence
- From Olathe, Kansas
- Fun Facts:
 - Division I Athlete
 - Minor in Spanish Language and Culture
 - Love to golf

Project Overview

What? Why? How?

Project Description - What?

Build three Power BI Dashboards for DIME, Data Lakehouse, and Data Governance Monday.com boards:

- Collaborate with Monday.com board owners to define the data story and KPI's
- Document data sources, calculations, and methodologies used
- Make the dashboards available on each team's SharePoint site

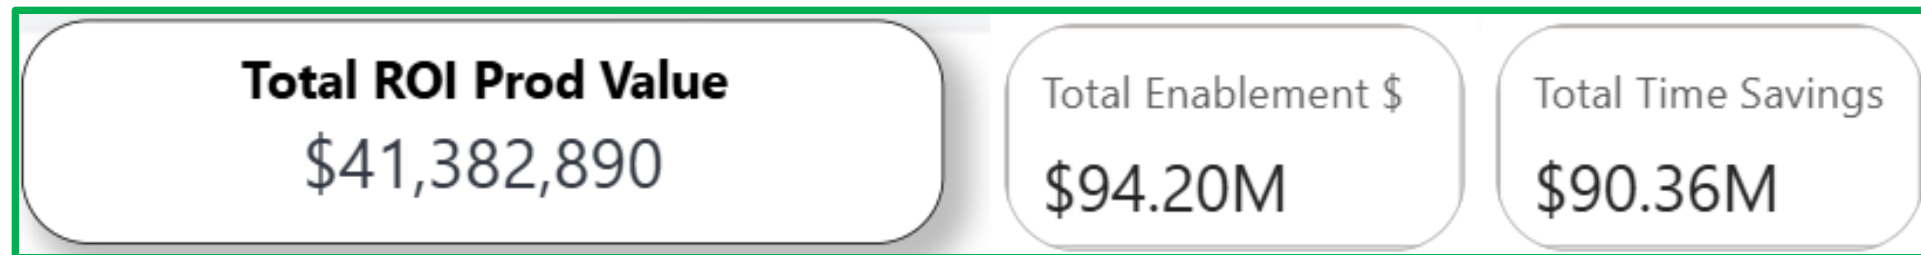

Business Value – Why?

Monday.com is the hub for Project Management

- Tracks budgeting/financials, workload management, timelines, progress

Digital Investment Management and Execution (DIME)

- Anyone wanting to request a digital enhancement, project, or investment

Business Value – Why?

Internship Takeaways

Exposure to new technical skills / software

- Monday.com API
- Databricks Spark/Parquets/Jobs
 - Power BI/Dax
 - DevOps
- Power Automate

Constant communication with the project owners / stakeholders

- Scoping meetings and frequent progress check-ins

Job Shadowed Relevant / Interesting Roles

- Data Scientist, Master Planner

Ag Exposure

- Tours of Algona Plant, Franklin Quality Lab, Beal Lab
- Complete Supply Chain Overview

Questions
